Quo Vadimus

Where are we going?

The Bulletin of the Rotary of Macarthur Sunrise
Macarthur Group, District 9675
Wednesday 1st May 2019
Solis Ortus (Sunrise) – Campbelltown 6:32am

BE THE INSPIRATION

From the President

Good morning Sunrisers.
Today we have our board meeting after our breakfast meeting and I would like to invite all members to stay if you want to, the meeting will start about 8:15am.

We had another great meeting last week full of fun and interesting chats. We welcomed Peter back for another breakfast with us and hope he is enjoying our meeting.

Barbara spoke about ANZAC and reminded us that you commemorate ANZAC Day not celebrate and you sound the last post not play it. The youngest Australian to die in battle was only 14years 9months old, just a few things from Barb's talk.

We also played 20 questions with Di and found out that her happy place is a service at a high church of England.

And Denys talked about Rotary, about his experiences with Rotary

including Polio, post-Polio and the trips overseas to vaccinate against Polio that he has been involved in.

President Bec

Shout Out

SUNRISE WEEKLY UPDATE

Congratulations to Teresa Fedeli, one of our past members who left when she became a very busy Council Member, she has now become the Mayor of Camden. Camden Council are great supporters of our Discobility.

Following up on the Dress for Success Sydney fashion sale the final numbers for our sale have come through from Robyn de Szoeker from DFSS. The result is \$10,940 which is amazing considering \$10/item. The error in predicting \$15,000 was a \$4K donation that had been processed on one of the eftpos machines on Friday morning and the balance not cleared.

Sue, Anita and Sharon. Your Rotarians were amazing, and it was such a delight to work with you all. This income has come at a great time for DFSS and we are very grateful for your support. Please pass on our thanks. We will work out our sale plan for Campbelltown if you are up for it.

WHATS ON

May

Thursday 9th & Friday 10th

Macarthur Science and Engineering Challenge at **Thomas Reddall High**.

Update

The jigsaw of the **Macarthur Science and Engineering Challenge** is coming together. The sponsorship from Atlassian should be paid within a week or two. They are paying the whole of the balance. We are slowly getting our volunteer numbers up, thanks to the efforts of Rob and Beth Michie. I am still hoping for volunteers from Atlassian.

The story of Atlassian demonstrates the rewards that come from being creative in the STEM area. It was started by 2 Aussie lads in 2002. They are now both worth \$2 billion, they employ over 3,600 people and have 135 customers. Atlassian software is used by millions of users all over the World. Our planet needs great innovations if we are to avoid catastrophic climate change. Today's STEM students can be the ones that achieve it. As Joseph Sugarman said "Each problem has hidden in it an opportunity so powerful that it literally dwarfs the problem. The greatest success stories were created by people who recognized a problem a turned it into an opportunity." Even if Australia had zero increase in emissions of carbon dioxide it would not solve climate change because Australia emits only 2% of the carbon dioxide, but if we were able to supply the countries with energy at a cost much less than the price of current technologies THEN countries like India, the USA and China would not

need to burn fossil fuels and we could reverse global climate change.

The world population continues to grow, yet every year over 7 million people die of hunger. About 4 billion people, or two-thirds of the world's population, face severe water shortages during at least one month every year. With really smart agricultural technologies we could help to meet those needs, by helping poor, dry countries to grow their own food more effectively and to conserve water more effectively. These are the challenges, and opportunities, for today's young STEM students.

BIRTHDAYS & ANNIVERSARIES

Anne Drenth	Birthday	6 th May
Wendy Underwood	Joined 1998	20 th May
Denys Cato	Birthday	21 st May
Shaun Cook	Birthday	22 nd May
Simone Warren	Birthday	25 th May

EVERY ROTARIAN EVERY YEAR

Rotary District 9675

THE ROTARY FOUNDATION SEMINAR

PEACE AND CONFLICT PREVENTION/RESOLUTION

MATERIAL AND CHILD HEALTH

Saturday 4th May 2019
8.30am–12.30pm
Bankstown Sports Club
Morning tea provided

Each year we provide training to update club members on The Rotary Foundation (TRF) and to qualify clubs so that they can apply for funding through grants. This seminar is mandatory if your club is planning to apply for grants.

The 2018 training was held on 11th November. As many members missed this seminar I have asked District Chair PDG Graham Wilson to hold a second seminar so all clubs in District 9675 are compliant, and are able to apply for grant in Rotary Year 2019/2020. **This training must be completed annually by a member of your club.**

Feel free to bring anyone from your club who may be interested. New members could/should attend as part of their induction activities.

Yours in Rotary,
DGE Dianne North

Rotary Foundation Timor-Leste Study Tour 2019

Rotary
DISTRICT 9550
Australia & Timor-Leste

Balibo Fort

19th – 23rd August
5 days /5 nights

About the Study Tour

The Timor-Leste Study Tour aims to support economic development through promoting sustainable tourism and helping to fund Rotary Foundation projects in Timor-Leste.

This year's Rotary Foundation Study Tour will provide an opportunity to learn about a number of programs and projects that are supporting development in Timor-Leste. San Miguel College, Dare Orphanage, Kilbur Domin Clinic, CCT farm at Railaco, CNEFP technical training centre, Bamboo Institute, visit the Belola school in Balibo and OHM Moris, a local women's NGO in Maliana. In addition there will be an opportunity to attend the Dili Rotary meeting and meet with Rotaract in Maliana

Learn - about Rotary projects
