WHERE ARE WE GOING?

Rotary Club of Macarthur Sunrise

The Bulletin for the Macarthur Sunrise Rotary Club, District 9675 Wednesday 24th April 2024
Solis Ortus (Sunrise) Campbelltown 6:26am

Issue 008 April, 2024

From the President

Good Morning Funrisers,

On this ANZAC eve, we Stop, Reflect and Remember the Australian and New Zealand Army Corps, at Gallipoli, who made immortal the name of ANZAC and established an imperishable tradition of selfless service, of devotion to duty, and of fighting for all that is best in human relationships.

We remember with gratitude the men and women of our Armed and Supporting Services, who have given and are still giving all that is theirs to give so that the world may be a nobler place in which to live.

And with them, we remember those left behind to bear the sorrow of their loss. Let us therefore dedicate ourselves to taking up the burdens of the fallen and, with the same high courage and steadfastness with which they went into battle, set our hands to the tasks they left unfinished. Let us dedicate ourselves to the service of the ideals for which they died. Let us, give our utmost to make the world what they would have wished it to be, a better and happier place for all of its people, through whatever means are open to us.

I will be starting my day tomorrow with the Picton Thirlmere Bargo RSL Sub Branch Dawn Service which will commence at 5.00am and I hope that some members may be in a position to join Commemoration Services in their home locations.

Last week's speaker was Marie Copp, from Escabags, who told us how this charity evolved from Stacy's horrific experiences to today's wonderful team assisting those who have to flee from domestic violence with absolutely nothing. We look forward to continuing our contact and, hopefully, in September, will participate in a volunteer day at their factory.

Along with our District Governor, Tonia Barnes, and Rotarians from District 9675, I had the pleasure of attending Liverpool Hospital for the handover of the Mini Transoesophageal Echocardiography Probe for use in the Cardiology Department. The mini probe allows procedures to be performed without the need for general anaesthesia but instead uses a local anaesthetic throat spray and greatly benefits patients by significantly reducing procedural wait times. Our club has received a letter, from Scott McGrath, Acting General Manager, Liverpool Hospital, thanking us for our donation.

Organising for our Dolly's Bush Bash on 15 June is well underway, however, we really need all members to get involved to ensure we have a wonderful evening. Remember, the proceeds from this evening will assist the homeless, through No Home My Home, as well as toward our own Rotary projects. Get your boot scooting gear out, book a table and have a great night out.

Our changeover venue has been decided and, once again, it will be held at The Hermitage Restaurant on Wednesday 26 June at 6.00pm. This is a lovely, comfortable restaurant and bar with a great atmosphere and they looked after us so well last year. There is plenty of on-site parking and easy access for all. I hope that all members, family and friends will be in a position to join us. Details will be out in the next couple of weeks.

CREATE HOPE in the WORLD

Always thinking of those who are not able to be with us at this time, we hope you may be able to join us for our end of year celebrations, however, in the meantime, we are only a phone call away is we can be of assistance at any time.

Our year is always full of endless opportunities, our challenge is to CREATE HOPE in the WORLD.

President Barbara

Rotary Club of Macarthur Sunrise

The Bulletin for the Macarthur Sunrise Rotary Club, District 9675 Wednesday 24th April 2024 Solis Ortus (Sunrise) Campbelltown 6:26am

A new state-of-the-art piece of equipment is helping save the lives of patients with heart disease, thanks to a generous donation from Rotary. Members of District 9675 and 20 contributing Rotary Clubs including Macarthur Sunrise donated a GE 9VT-D mini transoesophageal probe to the cardiology department at Liverpool Hospital, offering amazing benefits in the diagnosis and treatment of heart disease.

President Barbara is pictured with the probe.
