Rotary Opens Opportunities

From the President

Good Morning "Funrisers"

Although we remain very aware of COVID requirements, it appears that we may be on the way to an easing of restrictions. At the moment, only the outside numbers have been expanded and we still need to adhere to our maximum number of 10 in our Sugar Mint room. To ensure that we abide by these rules, please let Cathie know if you will be attending in person or on Zoom.

We had a wonderful collection of hats for Australian Rotary Health 'Lift the Lid' Day on Wednesday 7 October and the 'creations' made at breakfast were, to say the least, amazing. It was great to have external judges as I certainly would not have liked to make the decision!!

Last week was club forum and we were pleased to report that the Board approved two significant donations – \$1,000.00 to Australian Rotary Health for 'Lift the Lid' Day and \$1,000.00 to the Rotary Foundation for 'Ride the Train to End Polio', both great Rotary causes.

We also reported on the success of our candidate May-am to attend the National Youth Science Forum, this has been a joint venture with RC Drummoyne and RC Gregory Hills Next Gen. This year the Forum will be virtual and, therefore, the costs not as onerous and will be prorated though each club, a wonderful opportunity to work together.

On the 10 October, members enjoyed a 'Picnic in the Park' at Koshigaya, in

This would normally have been a 24hr walk at the Campbelltown Sports Stadium, not possible in this COVID year, however, it was wonderful to see the number of groups walking around Macarthur streets and parks wearing their blue shirts. Our club managed to raise in excess of \$1,000.00 for the event – well done to all.

We have a busy end of week coming up with our Equestrian set up and pull down at Cobbitty on Saturday and Sunday, please let Cathie know where you may be able to assist.

Friday is the 'Ride the Train to End Polio' day where the team will leave Cronulla station at 4.33am and travel to the 189 stations on the Sydney line to finish at 10.04pm at Tallawong. For those who can make it, our club will participate in the section from Glenfield to Macarthur. The train arrives at Glenfield at 6.01pm and we plan to leave Macarthur at 5.30pm to arrive at Glenfield at 5.49pm, we will then travel to Leppington, back to Glenfield then return to Macarthur at 7.05pm. Our club will provide light refreshments for the group before the train leaves on their next leg at 7.14pm. We will also be presenting them with our donation of \$1,000.00.

Don't forget, next Wednesday is social evening at the TAFE and bookings **MUST** be made through Cathie. Please forward your payment to Di Blyth, as the club will be paying TAFE. It is a great night where the students get the chance to practice and show the skills they have learned during their respective hospitality courses.

We continue to send best wishes to members and family who have not been well, in particular, Malcolm and Carole Nearn and Judith Cato, we hope you are all moving in the right direction to full recovery and look forward to seeing you in the near future. Remember, we must continue to be cognizant of the COVID requirements at any of the venues we attend, keep correct distances, enjoy the camaraderie and have fun.

Don't forget, see where **YOU** can **Open Opportunities**. Keep well, stay safe.

President Barbara

THE DEBATE

SAVE THE DATE

THE GREAT ROTARY DEBATE 2020

Thursday 5th Nov 2020
1830hrs to 2000hrs AEST
(Melbourne/Sydney time)
Online via Zoom

The Rotary Clubs of Sydney and Melbourne will be celebrating their Centenary early next year.

To celebrate this historic occasion, the first two Rotary Clubs in Australia will be engaging in a Great Debate on Thursday 5th November, 2020 commencing at 6:30pm.

The Melbourne and Sydney Rotary Clubs will debate:
REVERSING CLIMATE CHANGE IS MISSION POSSIBLE.

The Debate will support - Give Every Child a Future - which is a Rotary Australasia centenary project to save lives by vaccinating 100,000 children across nine Pacific Island countries against three diseases and to establish sustainable vaccination programs in each country.
